DECEASED (PRESUMED)

IDENTITY

Single legend of record, JANAKI; no surname carried on file by her own pre-death insistence. Career Analysis Wing officer, recruited young, rated exceptional on pattern and adversary modelling. Maintained near-zero personal footprint throughout service; photographic record thin and dated.

SERVICE HISTORY

Long analytic career culminating in an off-books detachment sanctioned at Joint Secretary level. Paired operationally with field asset FATEH. The program's papers are sealed under the sanctioning authority. Performance reviews consistently flag her as the analytic engine of the unit, not its hand.

TERMINATION OF RECORD

Declared lost in a 2007 incident during the program's collapse. No remains recovered; death certified on circumstantial and signals grounds. An infant dependant was, per the open record, taken or lost in the same period and subsequently surfaced in FATEH's custody. File retained rather than closed at the sanctioning authority's direction.

DISPOSITION

Closed to active interest on the presumption of death. Retained on retrieval-watch owing to the sensitivity of the sealed program and recurrent unexplained analytic signatures consistent with her tradecraft appearing in unrelated matters.

KNOWN ASSOCIATES

FATEH field principal, former program partner; raised and fielded the asset SITA from hi
LUTHRA sanctioning authority for the off-books program; only signatory who can unseal it
SITA operative of record in FATEH's service; cataloged on open file as taken/lost depend
JULIAN MEHTA public CEO, Meridian Risk Group; on open file the principal of that firm.
KABIR former operative, withdrawn to a Himalayan monastery; peripheral, monitored.

TRAINING

Full Analysis Wing tradecraft: source evaluation, adversary modelling, denial-and-deception, counter-surveillance, signals and pattern analysis. Self-trained beyond service standard in financial-cutout construction, corporate concealment, and large-scale data correlation. Notably never a field shooter; her instrument is the model, not the weapon.

CAPABILITIES

Exceptional at building predictive pictures from fragmentary input and at making herself an absence in any system she touches – scrubbing her own traces while harvesting everyone else's. Capable of standing up and running deniable structures at arm's length through controllable fronts. Treats certainty as a manufacturable product and fear as its market.

OPERATIONAL RECORD – SELECTED

1990s – series of analytic products rated decisive; identity withheld from circulation.
PRE-2007 – joint off-books tasking with FATEH under LUTHRA sanction.
2007 – incident; subject lost, no recovery. Record terminated.
POST-2007 – intermittent analytic signatures consistent with subject's hand noted in unrelated matter.
2025-2026 – Meridian / TRINETRA apparatus enters R&AW field of interest; cross-references to legacy matter.
TRUE OPERATIONAL TIMELINE 2007-PR [REDACTED] [SEALED]

THREAT LEVEL - DORMANT (FILE RETAINED)

Presumed deceased; retained on retrieval-watch for the sensitivity of the sealed program and recurring traces.

STANDING ORDERS

Treat file as closed-on-presumption, not closed-on-confirmation. Any surfacing of legend JANAKI, her tradecraft signature, or beneficial links to the Meridian/TRINETRA apparatus is to be reported to the sanctioning authority before any independent action. Do not unseal the 2007 program papers at this readership. Do not approach FATEH or the asset SITA on this matter. Preserve, do not act.
